INTRODUCTION

In the olden days hardly anyone reached the age of 50. The reasons for this are unknown and are still being studied by archeologists. But, in modern times, many young fellows reach their 50th birthday while feeling and sometimes looking much younger. Since few brave souls can picture themselves "HALF A CENTURY" old, this book will give people suspicious of nearing this mark a few tips on how to identify themselves.

You Know You're Over 50 When...

You add "GOD WILLING" to end of most of your statements.

You Know You're Over 50 When...

You are absolutely positive they build stairs steeper these days.

You Know You're Over 50 When...

Someone calls you "POPS." (Sometimes someone calls you "CHIEF" or even a seemingly middle-aged gent calls you "SIR" or "MISTER.")

You Know You're Over 50 When...

You keep forgetting. No matter how many diaries, appointment books, or calenders you have, you still forget. You write notes on slips of paper and then forget where you put the slips of paper and then forget where you put the slips. Sometimes you call your kids by the wrong names.

You Know You're Over 50 When...

All the money you saved for years for your children's college education just about covers the first semester.

You Know You're Over 50 When...

Your arms aren't long enough to hold your reading material.

You Know You're Over 50 When...

You remember when "Made in Japan" meant something didn't work.

You Know You're Over 50 When...

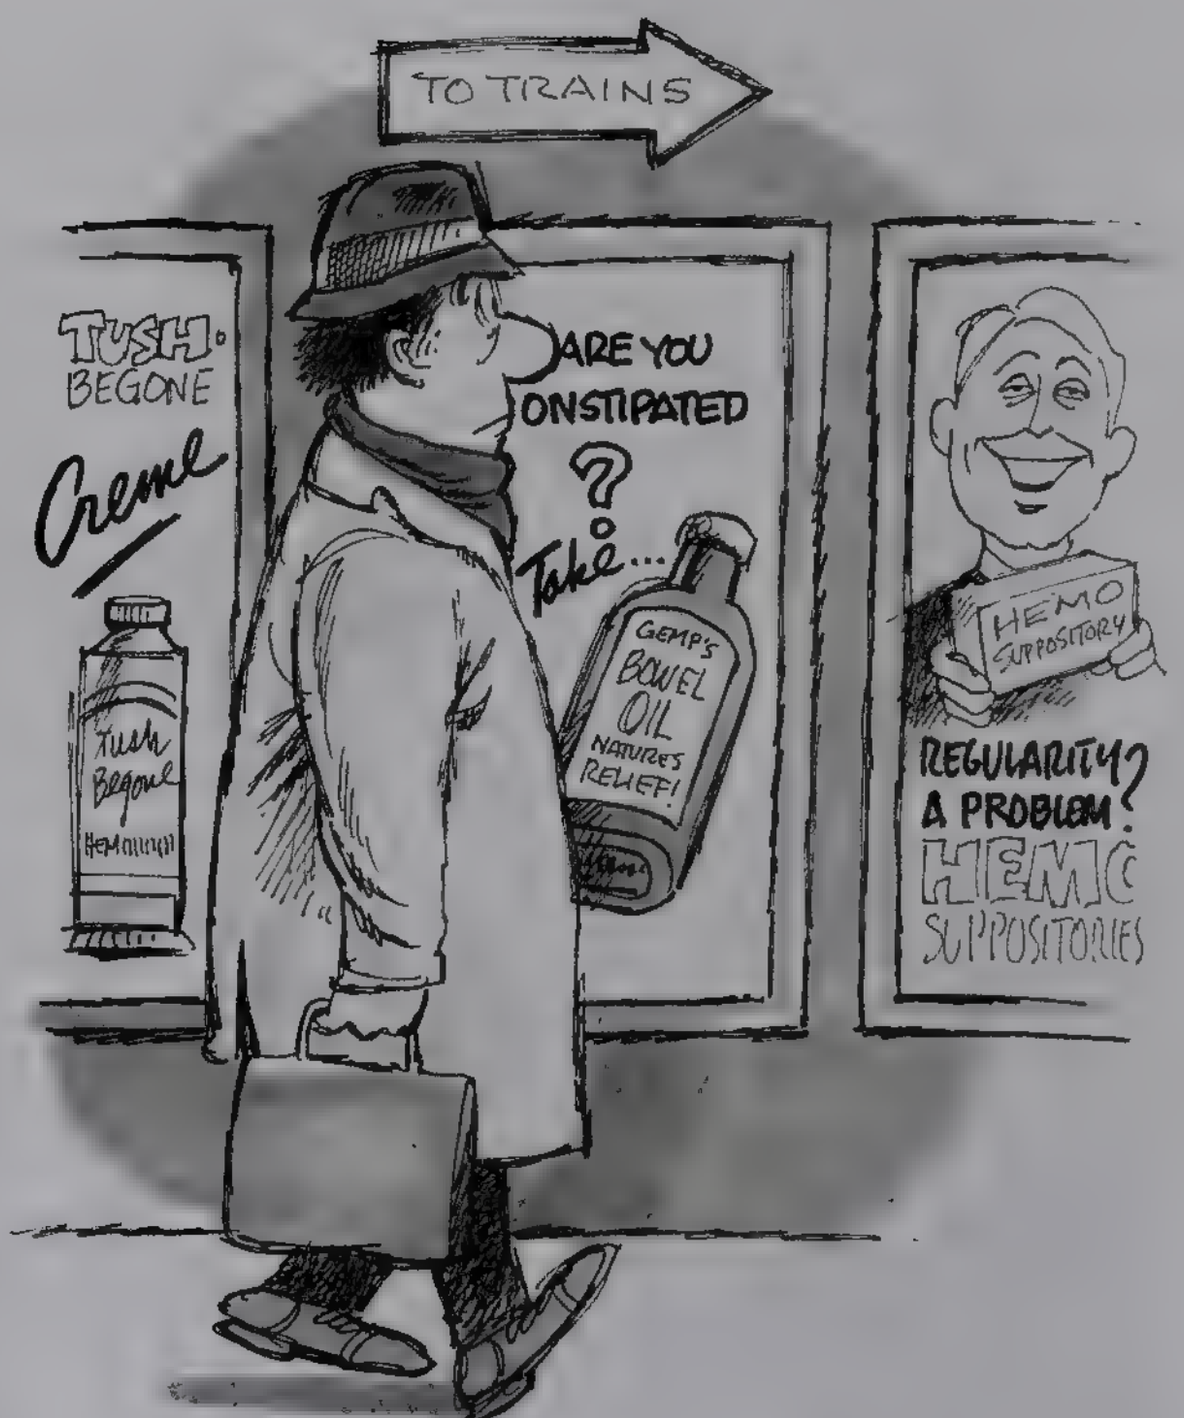
You don't care where your wife goes when she goes out, as long as you don't have to go with her.

You Know You're Over 50 When...

Getting a little action means your prune juice is working.

You Know You're Over 50 When...

You start believing the ads for hemmorrhoid, constipation, and hair loss remedies.



You Know You're Over 50 When...

You still think of "grass" as something you cut.
You remember when smoking cigarettes was fashionable.

You Know You're Over 50 When...

Attractive women at the office feel
safe enough to flirt outrageously with you.

You Know You're Over 50 When...

You start to hang around with new grandparents. Of course, most of them are much older than you are.

You Know You're Over 50 When...

Watching sports on T.V. seems to be a much more sensible pastime than risking tearing yourself apart by playing the sports yourself.

You Know You're Over 50 When...

Your music isn't their music.

You Know You're Over 50 When...

Your kids are making more monety than you.
("Johnny's daddy" has been changed to
"the Doctor's father".)

You Know You're Over 50 When...

No matter how many push-ups and sit-ups you do, and no matter how far you run, finally resign yourself to no longer being a "HUNK."

You Know You're Over 50 When...

You feel like the "morning after" and you can swear you haven't been anywhere.

You Know You're Over 50 When...

You sit down to put on your underwear. The young guys in the locker rooms have colored shorts but yours are all white.

You Know You're Over 50 When...

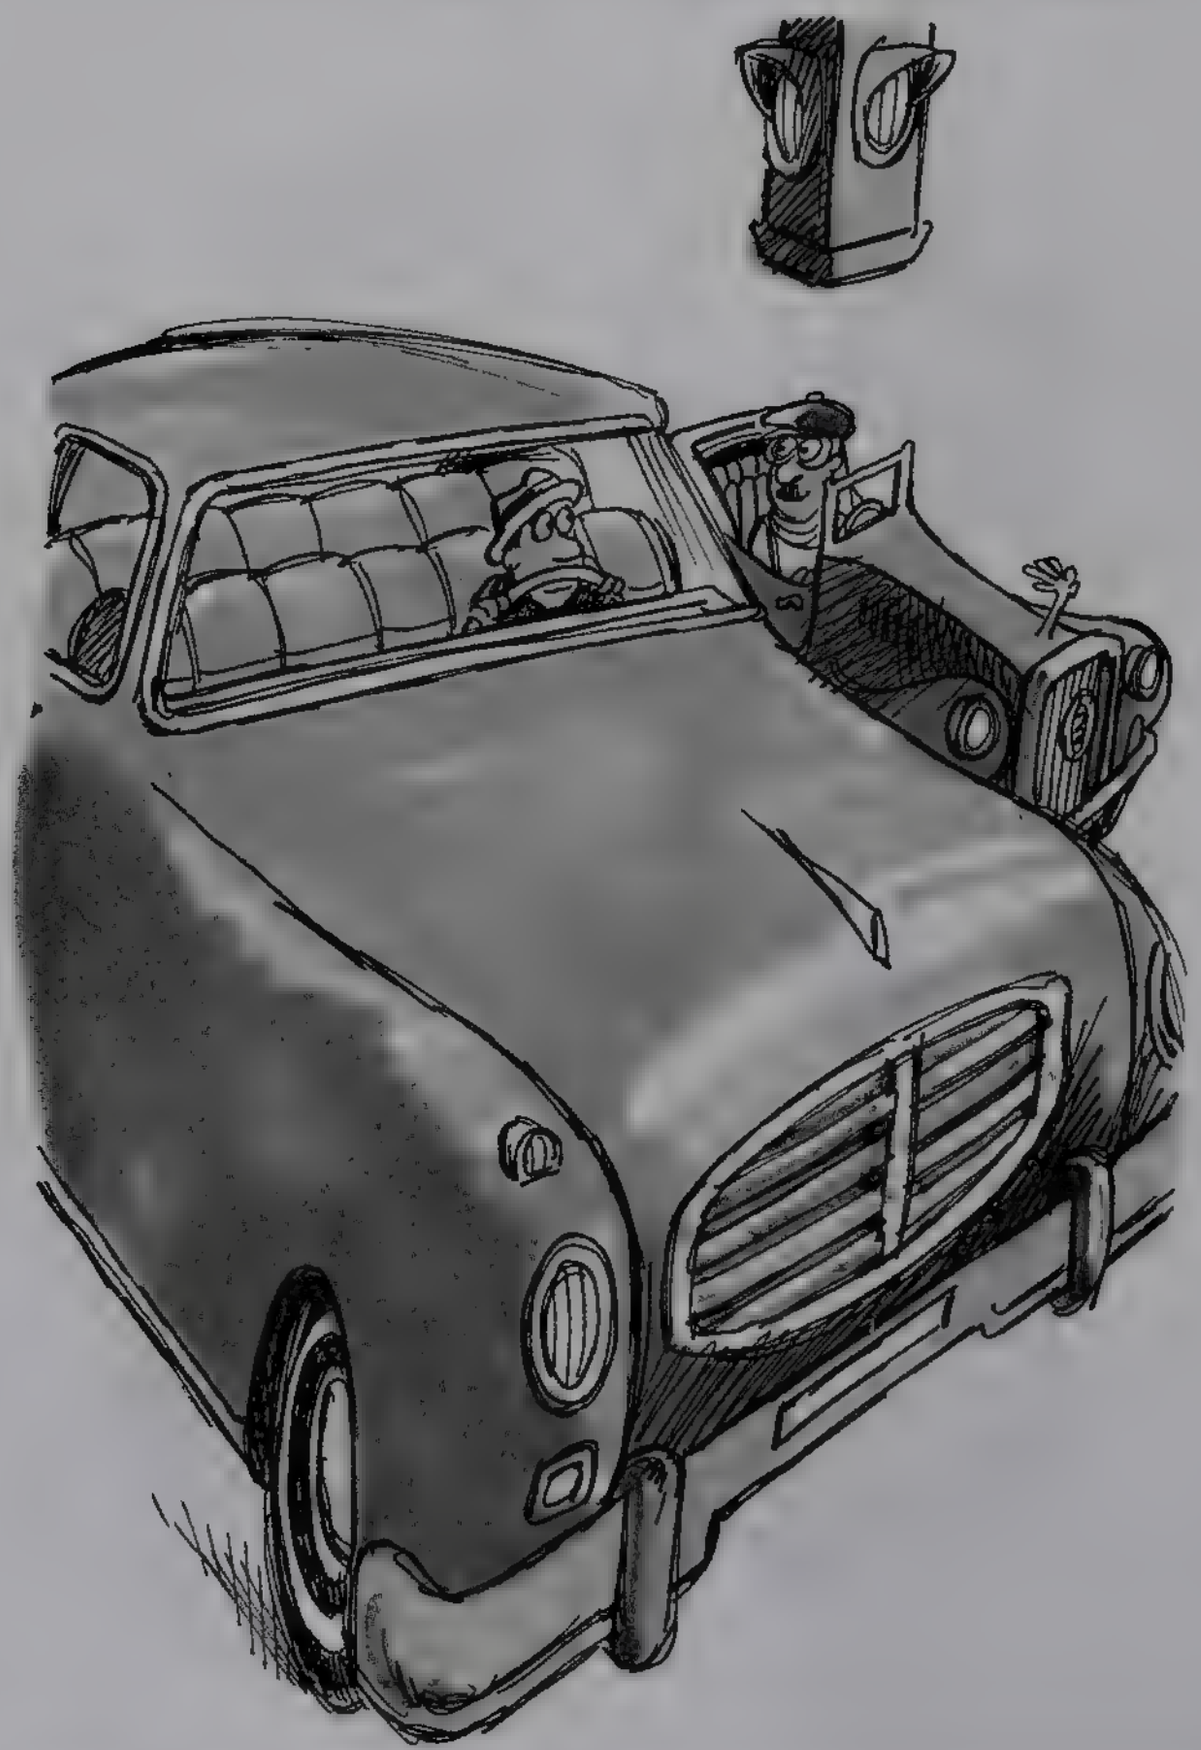
You give up trying to learn the names of all those African countries. At least you could spell the Belgian Congo and Rhodesia.

You Know You're Over 50 When...

Picking up the balls seems to be almost as much work as it used to be playing the game.

You Know You're Over 50 When...

You choose your cars for comfort and productivity rather than sex appeal, unless you are single again in which case you opt for total outrageousness.



You Know You're Over 50 When...

Instead of combing your hair you start arranging it.
There is more hair on your chest than on your head.

You Know You're Over 50 When...

The sports you do participate in require the use of braces, bandages, and protective gear that draw pitying glances from spectators.

You Know You're Over 50 When...

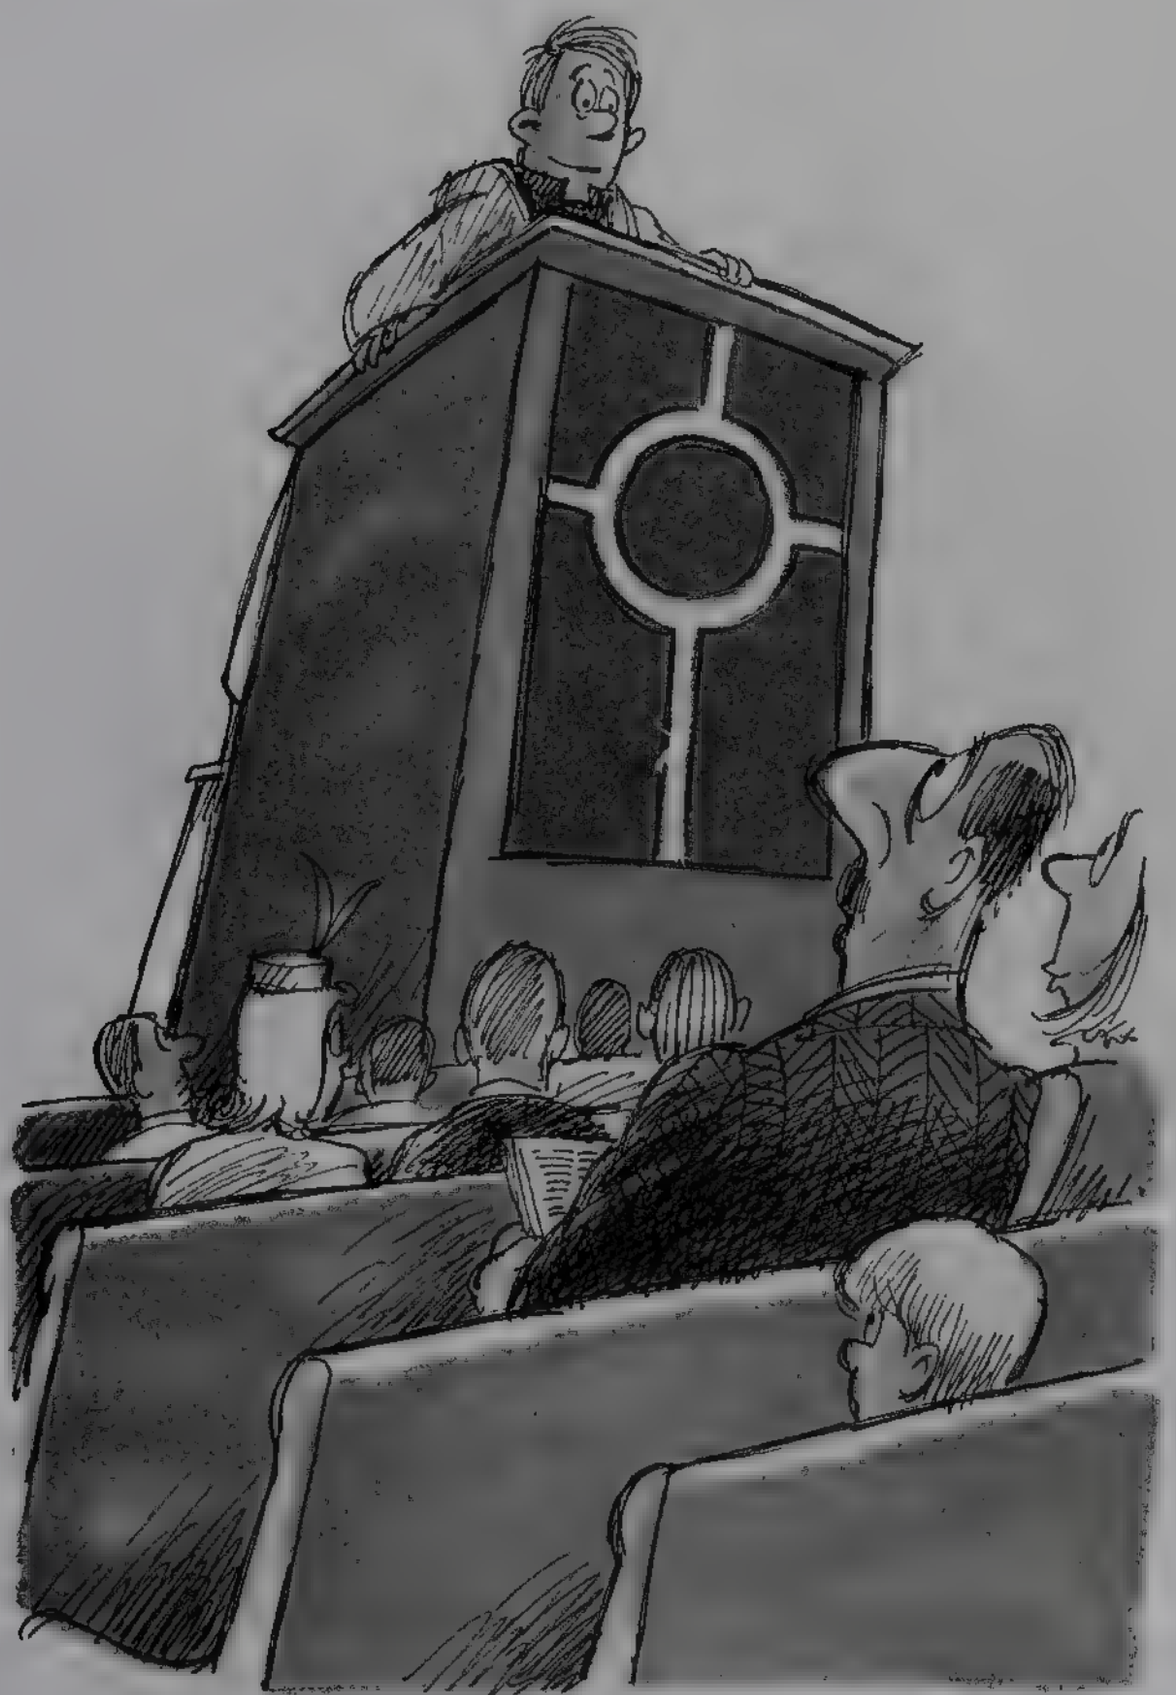
Your back hurts. You see doctors, osteopaths, chiropractors, and therapists; you change your mattress, buy special shoes, wear braces, do exercises, take pills, and hang upside down, and it still hurts.

You Know You're Over 50 When...

People keep saying "You haven't changed."
This is the culmination of the 3 stages of life;
youth, middle age, and YOU HAVEN'T CHANGED.

You Know You're Over 50 When...

People you used to hold in awe like doctors, policemen, and clergymen start being younger than you.



You Know You're Over 50 When...

You start dressing for comfort rather than blindly following the latest fashions. Your color coordination takes a back seat to expediency.

You Know You're Over 50 When...

You are finally smart enough to hire a kid to mow your lawn.

You Know You're Over 50 When...

You may still be in the "rat race"
but you no longer feel you have to win it.

You Know You're Over 50 When...

You don't always wake up "aroused"
like you used to every day.

You Know You're Over 50 When...

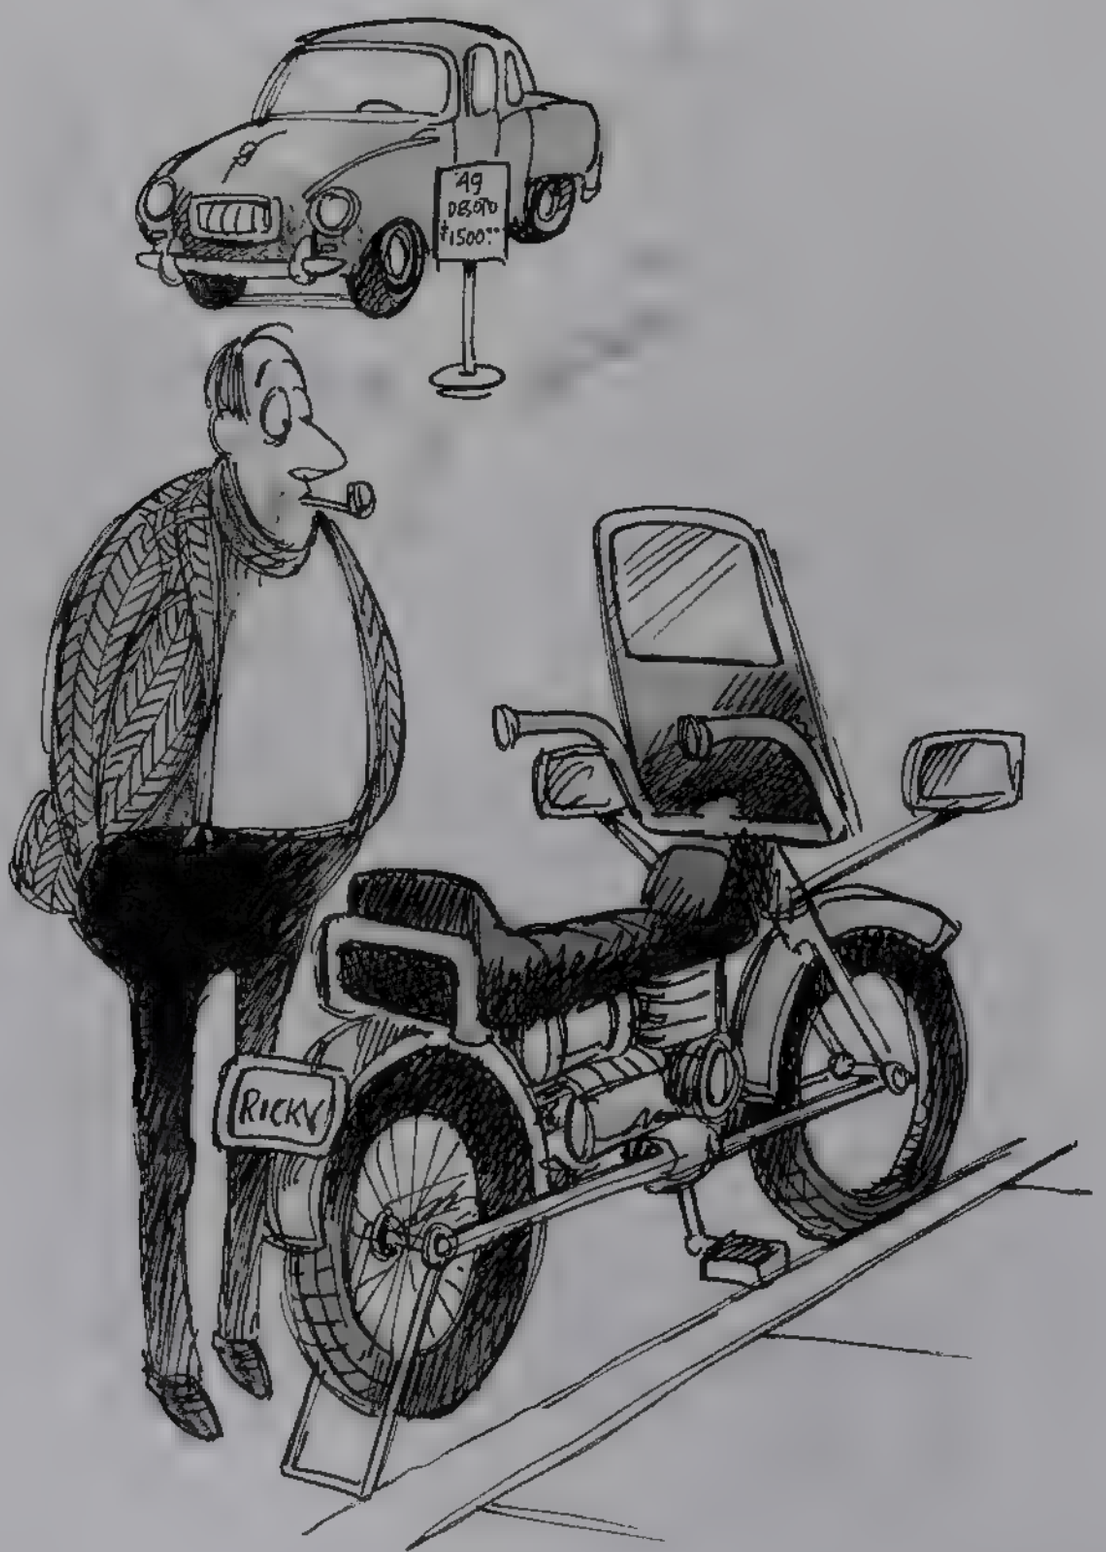
You eat less and less and yet
you still continue to gain weight.

You Know You're Over 50 When...

You are vaguely suspicious of "new" food such as sprouts, tofu, sushi, and seeds.

You Know You're Over 50 When...

Your kid's motorbike costs more than your 1949 DeSoto did.



You Know You're Over 50 When...

You have hats in your clost but never wear them anymore. You don't throw them out because you can never know when they might come back in style.

You Know You're Over 50 When...

Growing melons brings you almost as much satisfaction as fondling them once did. You remember when "boobs" referred to dumb kids.

You Know You're Over 50 When...

55 MPH seems a very reasonable and safe speed to travel at.

You Know You're Over 50 When...

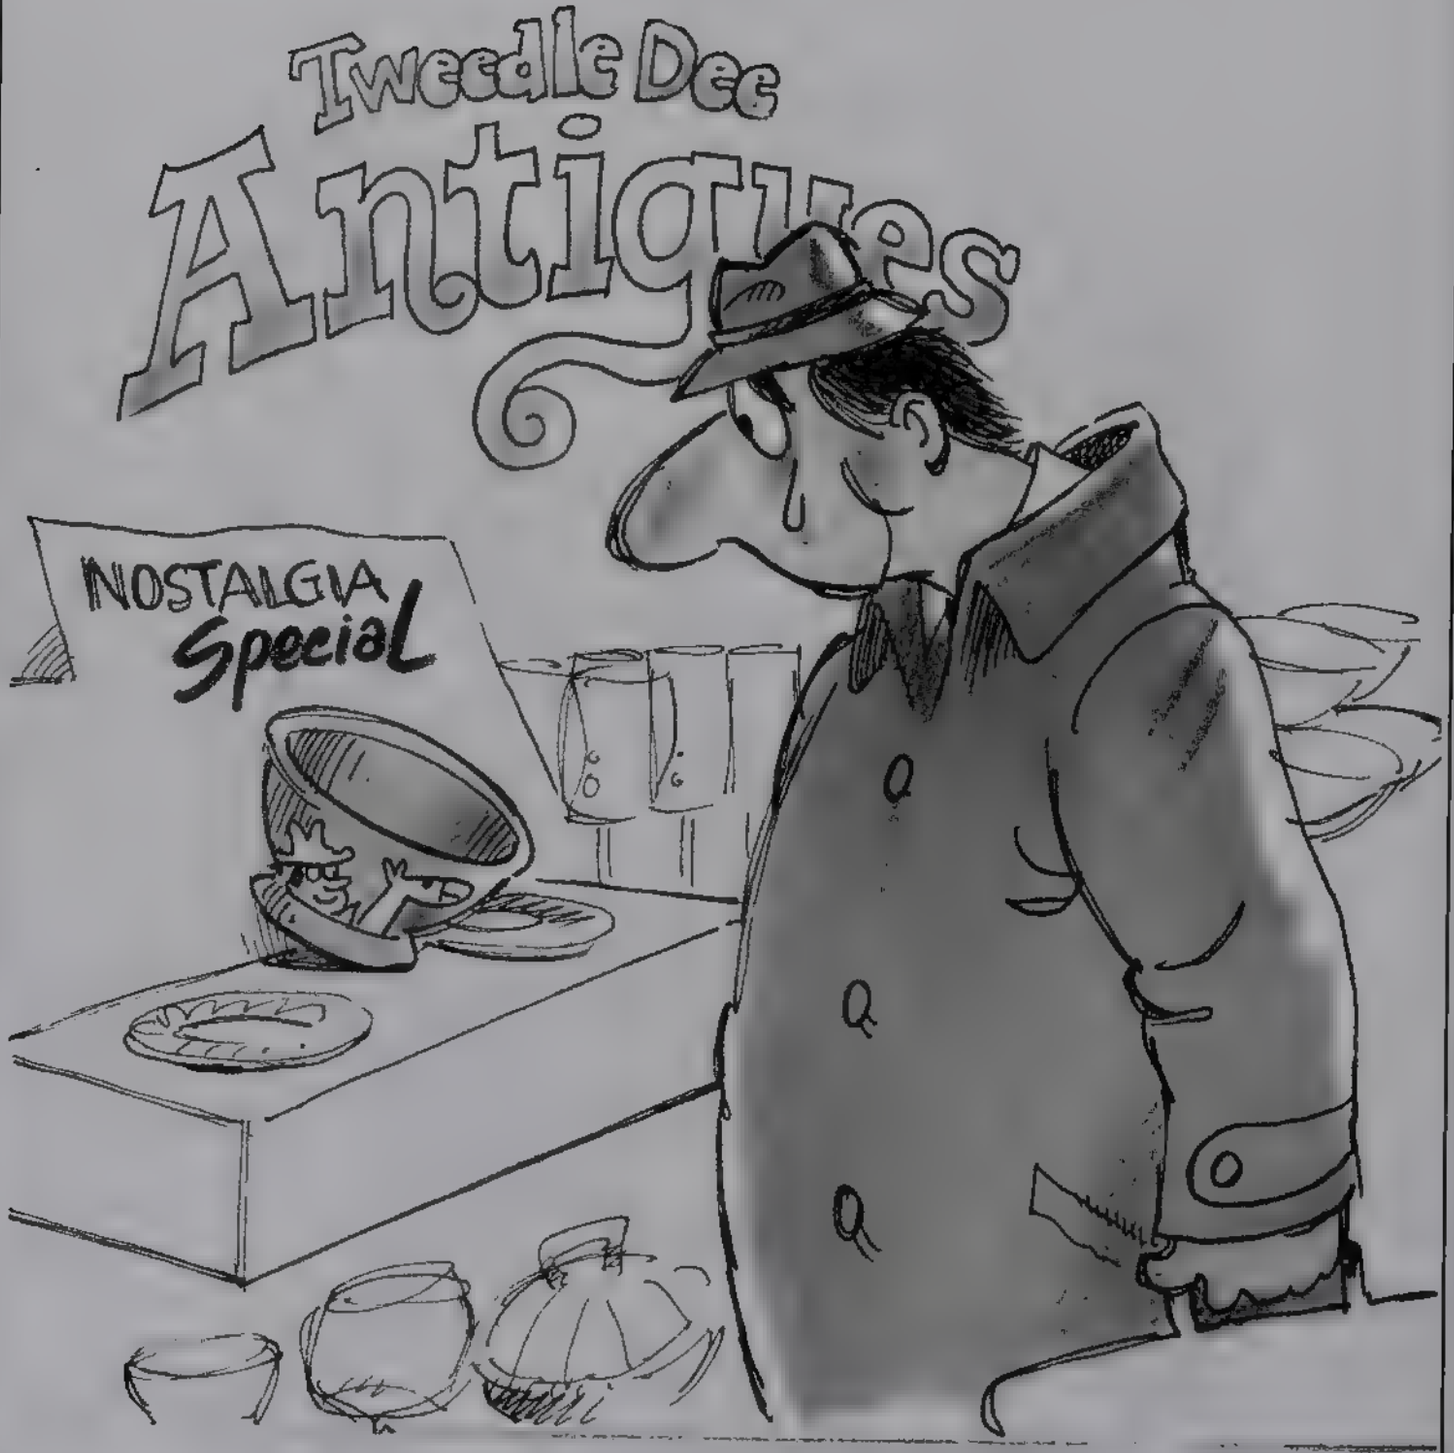
All the things you threw out the last time you moved now seem to be "Collectors item"s and worth a fortune.

You Know You're Over 50 When...

You really have to concentrate to call "Girls" "Women". You remember when calling "Women "Girls" was a compliment. Your not quite sure if you're allowed to call them "Ladies."

You Know You're Over 50 When...

You see your old cereal bowl in an antique shop.



You Know You're Over 50 When...

You meet old friends and you tell each other
"YOU HAVEN'T CHANGED A BIT."

You Know You're Over 50 When...

Your name appears on every mail order list in the country.

You Know You're Over 50 When...

You still feel your youthful ardor, but only once in a while.

You Know You're Over 50 When...

You have a very special comfortable chair from which it is very difficult to remove you.

You Know You're Over 50 When...

You recognize that middle age spread only serves to bring people closer together.

You Know You're Over 50 When...

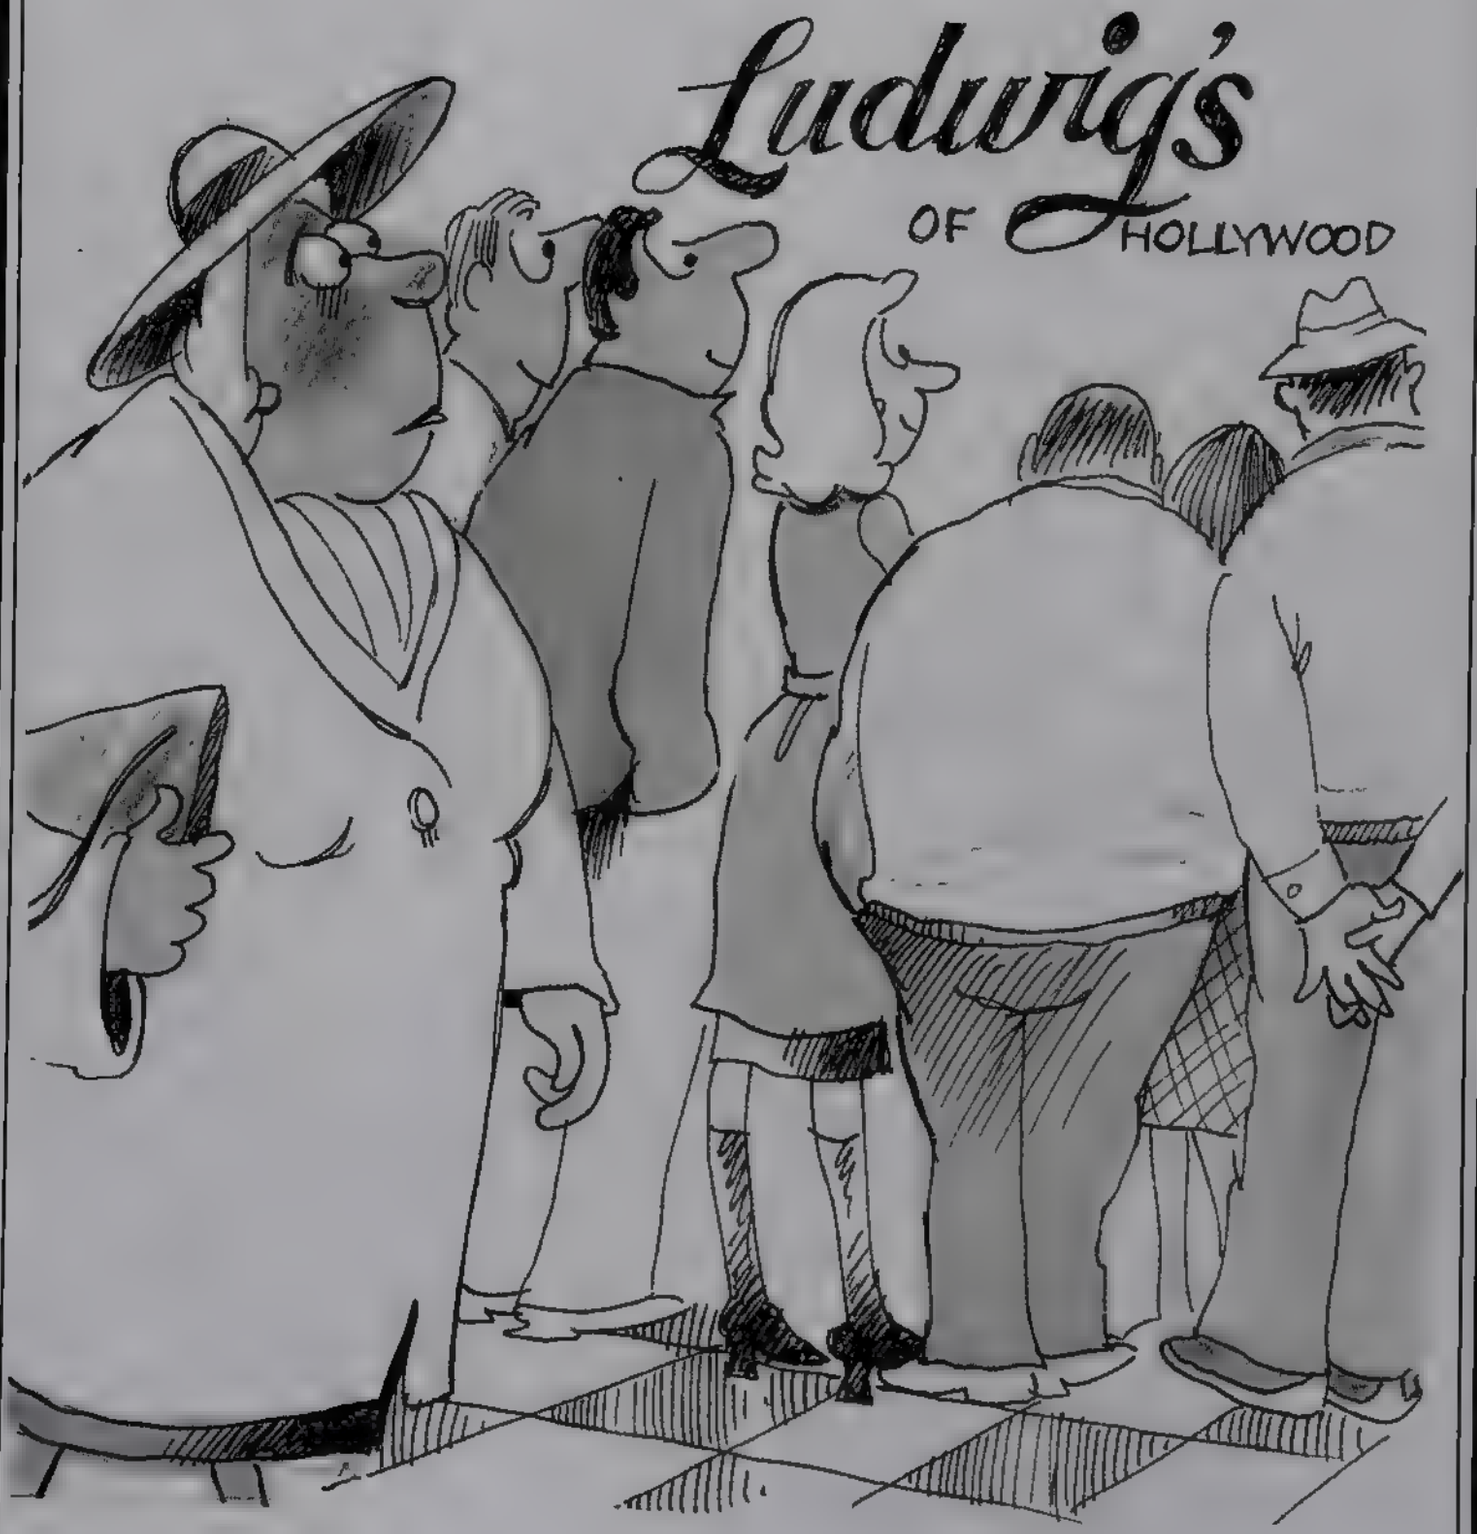
You're smart enough not to take out all the garbage in one trip.

You Know You're Over 50 When...

You no longer brag about
how many parking ticketsyou have.

You Know You're Over 50 When...

You never owned edible underwear.



You Know You're Over 50 When...

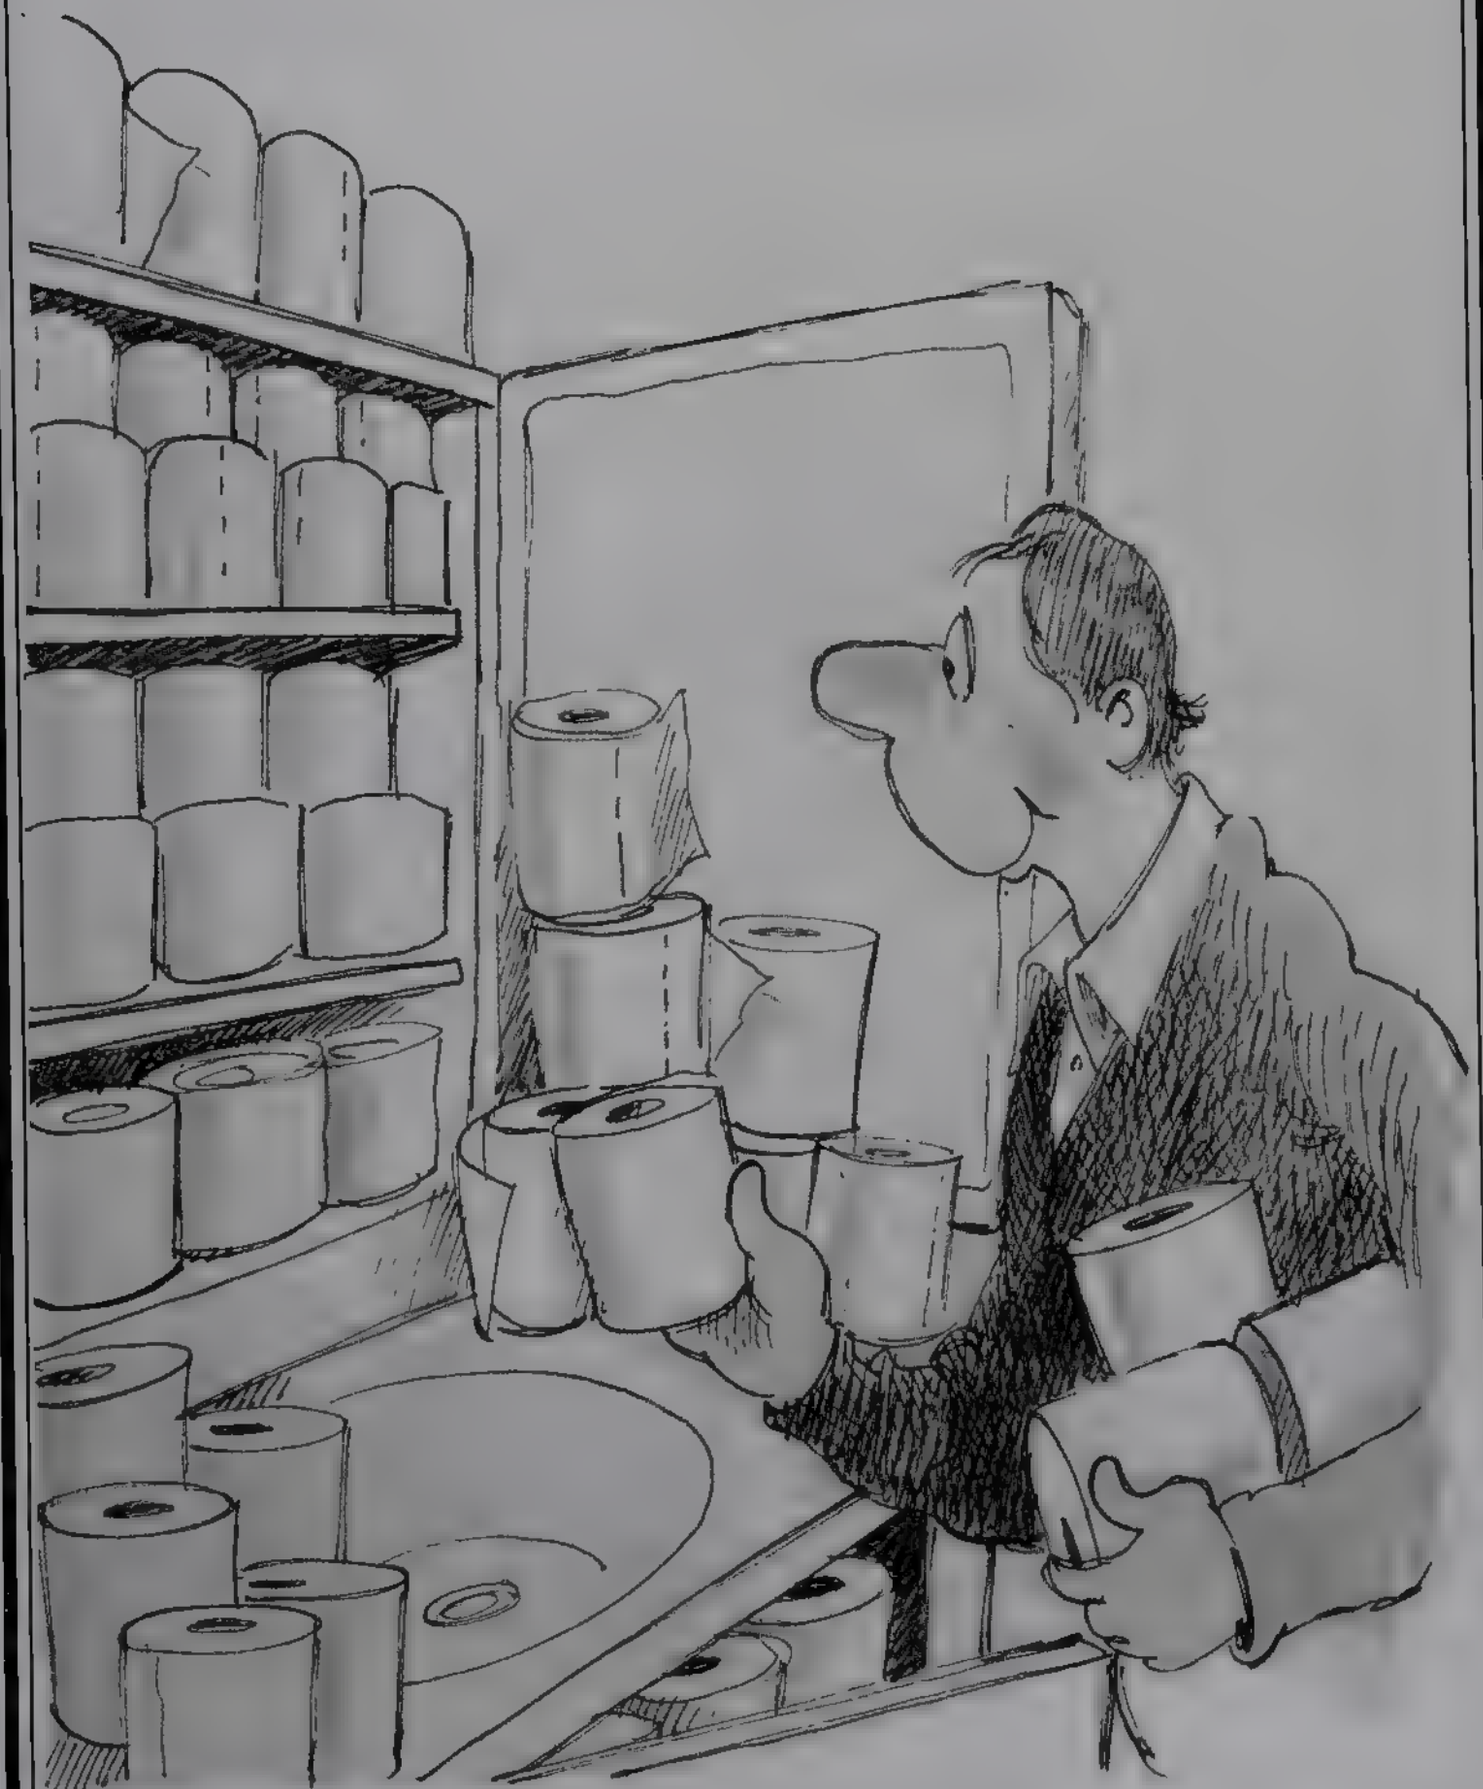
You remember to stop the newspapers before going on vacation.

You Know You're Over 50 When...

Everybody has already heard
all your jokes.

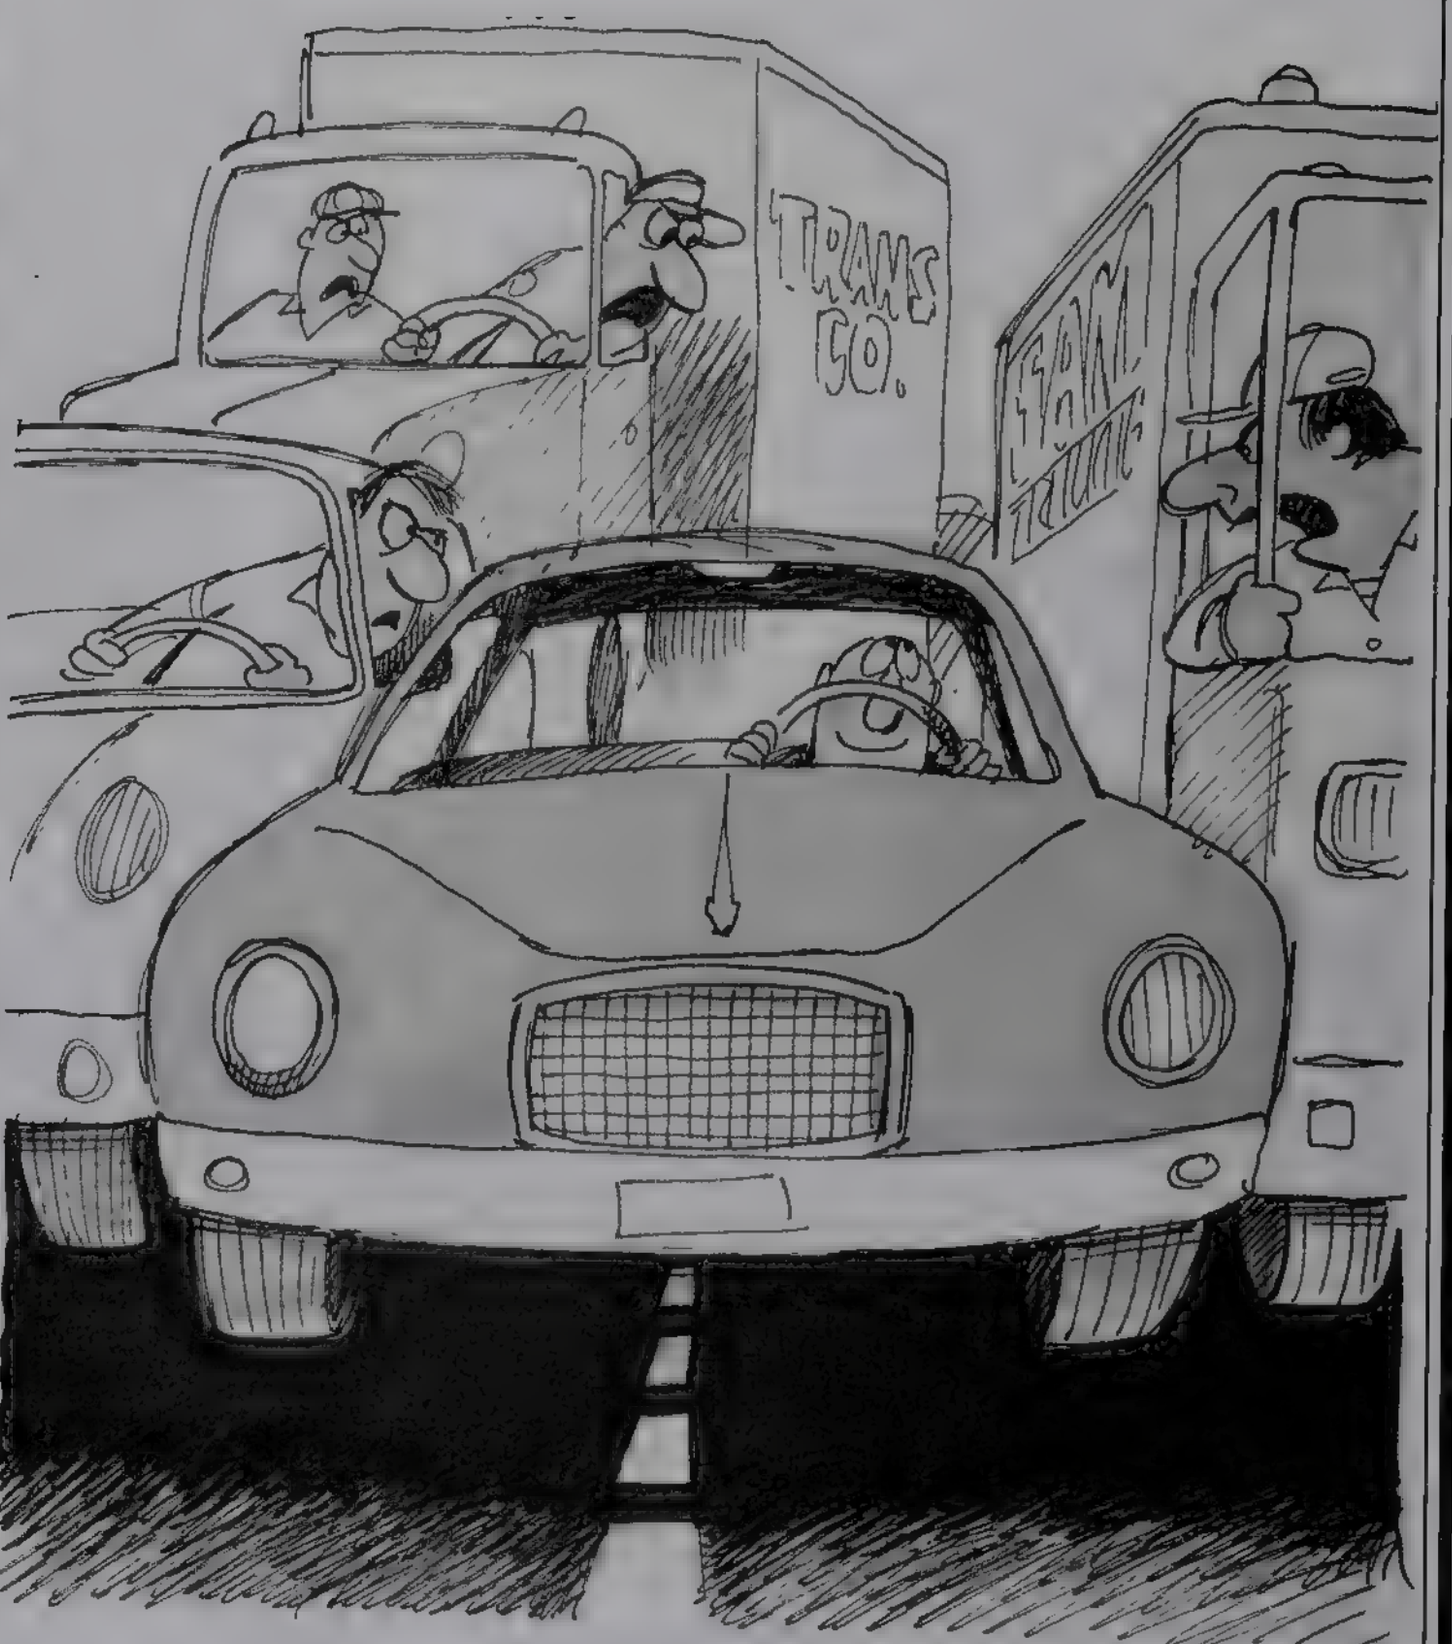
You Know You're Over 50 When...

You never run out of toilet paper.



You Know You're Over 50 When...

You feel most comfortable straddling two lanes.



You Know You're Over 50 When...

You don't go to nude beaches.

You Know You're Over 50 When...

You pay your phone and electric bills before they are due.

You Know You're Over 50 When...

No one cares anymore
what you did in high school.

You Know You're Over 50 When...

You find yourself squinting during candle light dinners.

You Know You're Over 50 When...

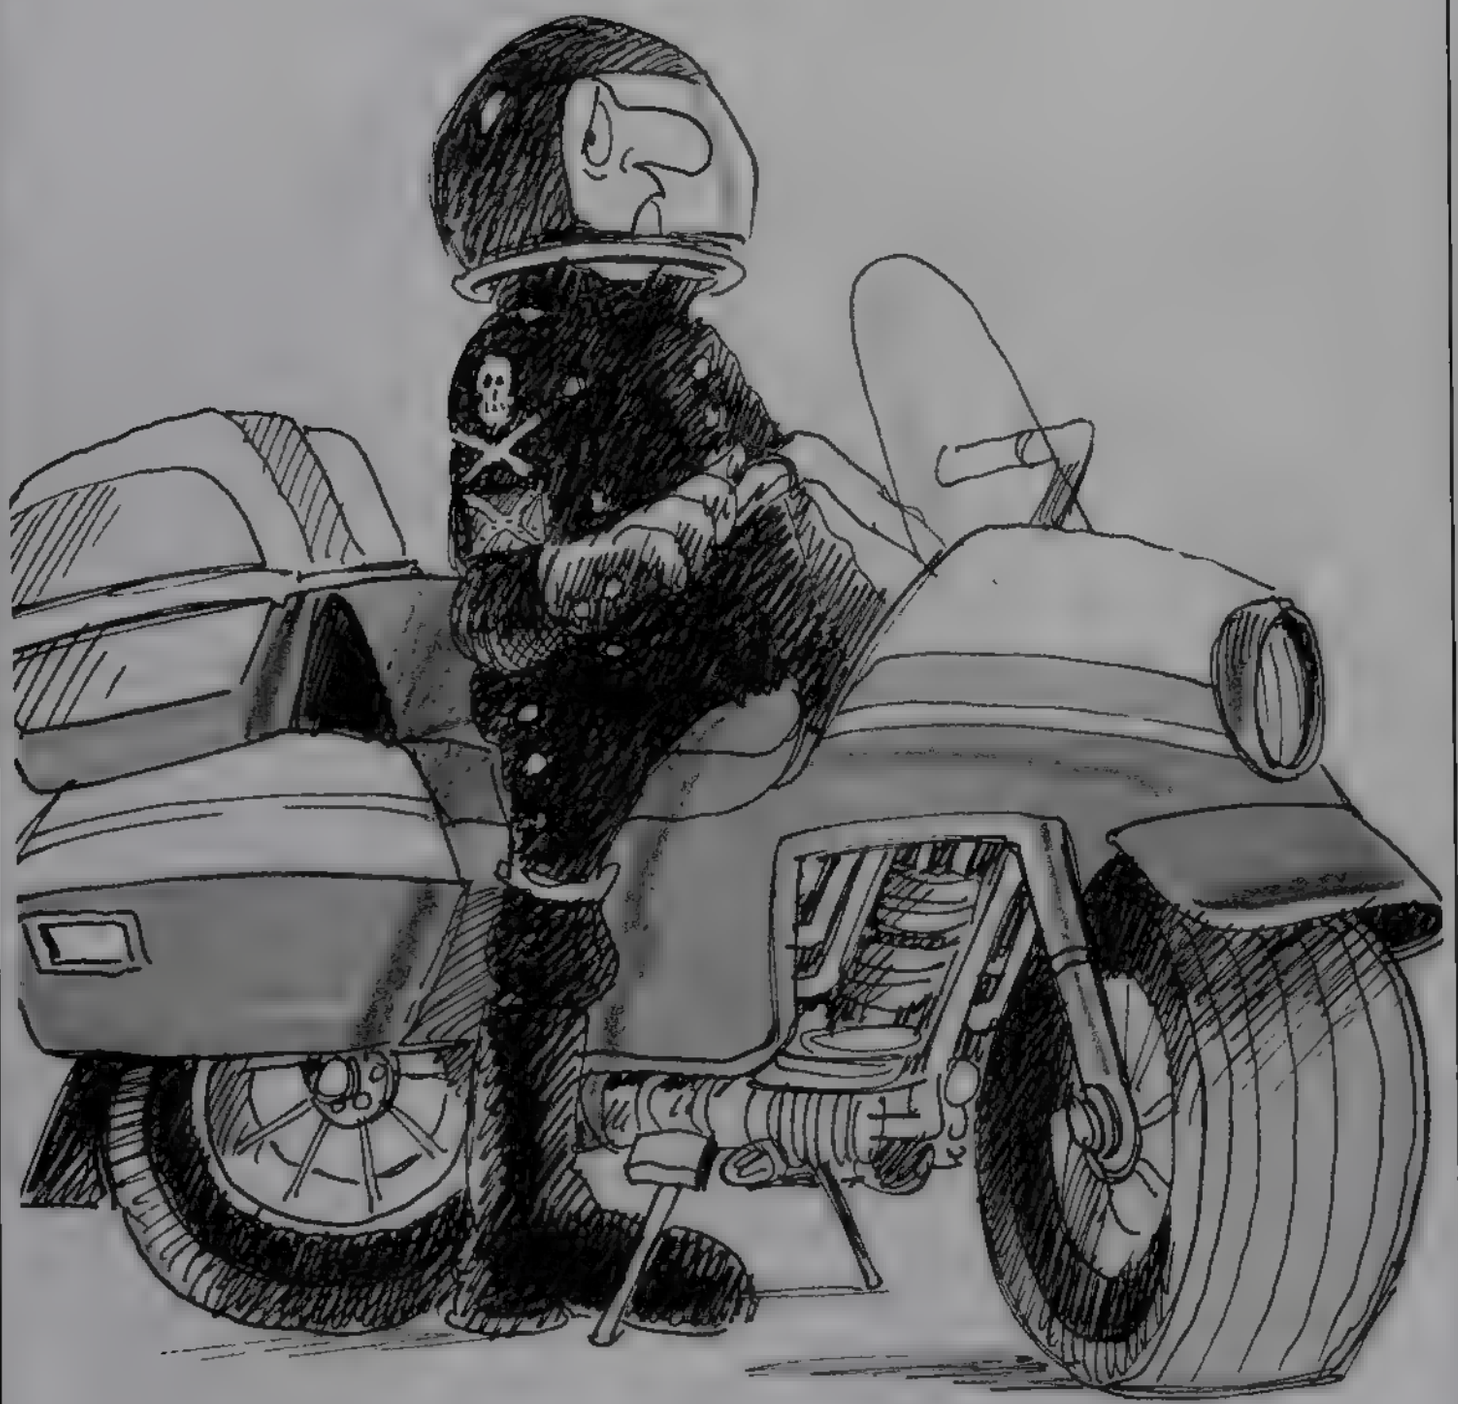
You are resigned to the fact
that certain foods just aren't compatible
with your gastrointestinal system.

You Know You're Over 50 When...

You start to look forward
to dull evenings at home.

You Know You're Over 50 When...

Pretty much everything you own is paid for.
You can finally afford lots of things
that you no longer want.



You Know You're Over 50 When...

You no longer bounce checks.

You Know You're Over 50 When...

Your stomach gets upset if you eat raw cookie dough.
